

NSA FOUNDATION INVITES YOU

To a Pre-Convention Complimentary Seminar

Featuring World-Class Experts

(Admission is limited. Register today.)

Cynt Marshall

*CEO of the
NBA's Dallas Mavericks*

Cynthia "Cynt" Marshall is the first Black female CEO in the history of the NBA. Before the NBA she served as the Senior Vice President of Human Resources for AT&T. She is in great demand as a speaker.

Marc Randolph

Co-founder of Netflix

Marc Randolph transformed the way we consume content when he co-founded Netflix. As an entrepreneur and investor, Marc continues to innovate and help others along the pathway of their entrepreneurial ventures.

Dr. Anthony Atala

*Director of the Wake Forest
Institute for Regenerative
Medicine*

Dr. Atala is a bioengineer, urologist and pediatric surgeon. He has been recognized by Time Magazine for transforming the future of organ transplants.

JiNan Glasgow George

*Co-founder of Magic Number
and founder of Neo IP*

JiNan is an intellectual property expert in a wide range of technology fields.

She is the CEO and co-founder of Patent Forecast®, a business intelligence SaaS company.

Plus a number of other notable NSA members.

*Led and Moderated by Nido R. Qubein,
Founder and Chairman Emeritus
of the NSA Foundation*

“ Don't miss this opportunity to meet national leaders and gain insights on business, leadership, marketing, positioning, and branding that will enhance your career and nurture your success. ”

- Scott McKain, CSP, CPAE

HIGH POINT UNIVERSITY
THE PREMIER LIFE SKILLS UNIVERSITY

*This complimentary, value-add session is presented by High Point University
in support of NSA and the NSA Foundation.*
